

PUTS IN CLAIM FOR \$6,000 EXTRA

THE COURTHOUSE CONTRACTOR
SPRINGS SURPRISE ON
FISCAL COURT.

With the courthouse about ready for occupancy and practically completed, when the Fiscal Court met with Contractor Krueger Friday to formally take over the building, much surprise was occasioned when Mr. Krueger presented a bill against the county for \$6,000 additional to the contract price of the new building. This claim was for extras claimed to have been furnished in the building, outside of the regular contract work, such as \$2,500 for side porticos, \$900 for flooring, and other smaller sums.

The court went carefully over the matter, and allowed \$1,150 of this claim, but refused to pass upon the balance until the question of validity has been settled. It was finally agreed that the matter be left to arbitration, one man to be appointed by the Fiscal Court, one by Contractor Krueger, both to select the third. The question to be decided is said to be merely of contract, whether or not the contract with Krueger called for the extras which he claims to have supplied, and for which he asks the extra \$6,000.

The Fiscal Court accepted the building, subject to these conditions, and the furniture is being moved in now, preparatory to occupancy by the officials. The furnishings have been supplied by the Art Metal Furniture Company, and are very handsome and serviceable, in keeping with the character of the structure, which has been built as the county's legal home. Grading has been started on the yard, and as soon as this is completed, the concrete walks about the building will be laid, greatly improving its appearance. The temporary office of the county clerk, on the east side, will be razed and the courthouse will then stand forth in its true magnificence.

The board of arbitrators to consider the contractor's claim will meet Friday, when it is expected that the matter will be finally settled.

Killing in Garrard

YOUNG MAN IS SHOT TO DEATH
BY HIS COUSIN.

Lancaster, July 18. James Ross, a merchant at Ham-mack, in this county, was shot twice, once in the arm and once in the stomach Saturday night by his cousin, Quince Tankersley. It seemed that Ross was trying to get Tankersley, who had been drinking, to go home and this seemed to anger him, when he pulled out his pistol and fired twice upon Ross, the latter a very serious wound. He was brought immediately to the New Lancaster Hospital and operated upon.

The physicians said from the first there was scarcely a chance for him to live, as internal hemorrhages had weakened him. He died Monday morning at 7 o'clock.

He is survived by a young wife and widowed mother. Tankersley was brought to town and lodged in jail on the charge of murder.

Will Go to Jail

RATHER THAN PAY \$300 SLAND-
ER JUDGMENT.

George Durham, a Junction City railroad man, will be placed in jail at Danville today to serve ten days preliminary to taking the insolvent debtor's oath. Mrs. Perry D. Hubbard obtained a judgment against him for \$300 for slander and Durham declined to pay it, and will take this method to escape the judgment.

A. N. Wells, also of Junction City, former president of the Farmers' Home Insurance Company, who has been in jail on a similar cause, will be released, as a schedule of his property will be filed in court.

OUT ON \$1500 BOND

The examining trial of Walter Phillips, charged with murder of Thomas Vermilion of Parkville, was concluded in county court before Judge Coulter Saturday morning. It is stated that the commonwealth did not introduce much of its testimony. Judge Coulter gave Phillips his liberty in lieu of a bond for \$1,500. Those who signed the bond were Hon. Harry Wiggate, George Preston, A. T. Wiggate, Lee Preston, James Coulter and J. W. McElfresh.

Can't Budge the "Lid"

TWO ATTEMPTS MADE SUNDAY
AND BOTH FAIL.

Gertie Catron, a young man of the Crab Orchard section, tried to "lift the lid" in Stanford Sunday, and it cost him \$12.50, and considerable discomfort. He came to town Sunday afternoon in a buggy, accompanied by a young lady, in a buggy, and after leaving her down town, went up to Acey's place on Depot street and attempted to smash his way into it.

Marshal E. D. Carter happened on the scene about that time and placed Catron under arrest, and City Judge J. N. Menefee, Jr., taxed him just twelve and a half "bones" for his trouble.

The "lid" is being kept on very tightly and so far all efforts to dislodge it have failed. A well-known young man induced a local physician to give him a prescription calling for a glass of coco-cola Sunday morning and presented it at a drug store, only to have it unceremoniously turned down, with a laugh.

Hurt by Runaway

MRS. CARROLL SHANKS IS
KNOCKED DOWN AND
INJURED.

Mrs. Carroll Shanks had a very narrow escape from very serious injury Saturday when she was struck and knocked down, and one limb run over by the runaway horse attached to the Denham Bros. coal wagon. That the wagon was not heavily laden is probably the reason that Mrs. Shanks' limb was not broken. As it was, she was badly bruised while the shock to her nervous system was even greater.

Mrs. Shanks was proceeding down West Main street toward her home when she heard a commotion as of a horse running just behind her. Just as she turned to see what it was, the horse, hitched to the wagon, which had been galloping madly down the street, turned to go in the open gate to H. C. Haugman's yard. The animal struck Mrs. Shanks with his chest and knocked her forward, and down and the wheels passed over one of her limbs. The horse then ran into the yard and stopped.

Mrs. Shanks was able to get up, though badly hurt and stunned, and was able to walk to Mr. Baughman's house, where she almost fainted. Her husband and a physician came quickly and she was taken home, where she is still suffering keenly from the harrowing experience.

Some Rain Then

CRAB ORCHARD REPORTER RE-
CALLS 1875 AS WET YEAR.

Crab Orchard July 14th, 1910

I presume most everyone is noticing the amount of rain we are having this month, yet I cannot say I have not experienced just so much continuous rain before, for I remember very vividly in the year 1875 that it began raining on the evening of July 4th and continued to rain each day during the entire month, which caused much serious loss to farmers. Yesterday we had the heaviest down pour of rain that was ever known to be in Crab Orchard. Main street nearly as far up as the Christian church was flooded, in driving through, the water reached to the hubs of luggies and it rushed over the embankment to the little creek with much force and noise as so being to our minds descriptive recollection of Niagara Falls, Mt. Vernon Ave., near the Crab Orchard Bank was a sheet of water for a distance of 75 or 100 feet.

Children's day exercises were held at Hebron church Sunday morning. A very appropriate program was nicely carried out by the pupils of the Sunday school.

Mrs. Isa Tucker was called to Louisville to the bedside of her sister Mrs. Gray who is very ill.

Tom Hayden, of San Antonio, Tex., is visiting relatives near Cedar Creek. Mr. and Mrs. W. P. Kincaid, of Stanford, were the guests of Miss Lillian Garner, Sunday.

Mr. John Hayden, wife and baby, of Texas, also Miss Allie Hayden are guests of Mr. H. F. Newland and family.

Mr. and Mrs. John Cummins and baby are visiting Mr. and Mrs. A. D. Bastin.

Miss Annie Bronaugh has returned from Prestonsburg where she had a most delightful visit with her friend Mrs. L. C. Smith.

DEEMER RESIGNS FROM HIGH SCHOOL

SECURES POSITION AT BETTER
SALARY IN OHIO—TWO VA-
CANCIES IN FACULTY.

After signing a contract to head the high school here next term, Prof. G. C. Deemer has notified the Board of Education that he cannot serve, and has resigned. It is understood that he has been elected to a place in the school at Lisbon, O., his home, at a better salary than he was to receive here, and consequently "jumped" his local contract in favor of the better one. Prof. Deemer taught here last term and seemed to give general satisfaction.

Miss Kate Alcorn, of this city, who has been elected to teach a grade next term, has declined the appointment, and so notified the Board. A meeting of the members was held last week to consider the matter of the two vacancies in the faculty which have to be filled soon.

Reynolds-Gentry.

POPULAR ROCKCASTLE COUPLE
SURPRISE FRIENDS

Their many friends here were surprised to learn of the marriage at Rockcastle of Miss Jalia Reynolds and Mr. E. K. Gentry, one of the most popular young couples of Rockcastle county. The bride is a niece of Mrs. E. J. Brown and has often been her guest here. The Signal says of the wedding:

It came as somewhat a surprise when the news was flashed over our town, Monday afternoon, that Atty. E. K. Gentry, one of Mr. Vernon's most promising young lawyers, and Miss Jalia Reynolds, one of our very prettiest and most attractive young ladies has been united in the holy bonds of matrimony at the home of Mrs. Willis Adams and had left on the 4:57 train for Nashville and other points to spend their honeymoon. While they had been quite devoted for a year or two, yet they had kept the matter a profound secret that their wedding would take place so soon. Rev. D. R. Gentry was the officiating clergyman.

We join in with their numerous friends in hearty congratulations and wishing them a long, happy and prosperous life.

Camp Meeting at Jumbo

NEAR MCKINNEY AUG. 26 TO 5
SEPT. 1910.

Ministerial help: Rev. Charlie D. Tiltman, of Atlanta, Ga., Rev. B. L. Bridgers, of Wilmore, Ky. Bro. Tiltman is one of the greatest musicians and sweetest singers in the United States. Bro. Bridgers is also a fine singer and a great preacher. They will do the preaching and singing. Bro. Holmes, of Cincinnati, O., the noted blind pianist will reside at one of the instruments. Better help could not be secured and we are expecting to have the greatest meeting this year that we have ever had. Many persons have already rented tents and are preparing to come. Accommodations. We will have a number of small tents for rent or sale for those to stay on the grounds, also a few rooms with cots. Will run a dining hall and lunch stand.

For further particulars write Clarence J. Sipple, Sec'y, London, Ky.

The situation of those farmers who have suffered so heavily from rains which include the large majority, makes the situation indeed alarming with their entire crops have been destroyed by the recent heavy rains, others have been so damaged that their crops will not exceed one third of the average crop, while others will not get more than one-half yield. Many of the farmers along small streams have never been able to plow their corn the second time. The hay crop is a failure in many parts of the State and wheat is damaged badly. All in all it makes the situation pretty blue for the farmers throughout this section.

SPARED ONLY A FEW HOURS.

The little son and daughter born to the wife of Albert Newland, of the East End, lived only a few hours. In the loss of the little ones, the parents have the sympathy of their many friends.

RAISE MORE ALFALFA IN OLD KENTUCKY

WRITES "BUD" REYNOLDS, BACK
FROM KANSAS—FARM CON-
DITIONS OUT THERE.

Keola, Kan., July 11.

Dear readers of I. J., I will again write a few items that I hope may interest someone. First I must thank the editor for the compliment he paid me in my letter of April 3rd and correct the statement he made that I had become a "prosperous" farmer of Kansas. I am far from being a prosperous farmer but hope to prosper at least enough to pay all my debts and again make a start in life.

Wheat and oats harvest is over and the hum of the thresher is now heard in the land. A great many of the thousands of men who came to Kansas to assist in harvesting the great wheat crops have gone, yet a great many are still here helping to run threshers and to do all kinds of farm work.

It is estimated that about 30,000 men came to Kansas this year. They began coming about three weeks before harvest began. Every train both passenger and freight, brought harvest hands. They were here from everywhere. A great many farmers employed their hands and boarded them free several days before the wheat was ready in order to be sure of them.

I will say right here that if the farmers had to harvest the crops without any outside help lots of it would go to waste. \$2.50 to \$3 and board was the price paid man to pitch wheat and \$3 to \$4 for stackers and \$4.50 to \$5 for man and teams. All other work was dropped and every man who could do a day's work was in harvest. Harvest lasts about 15 to 16 days. I harvested with Mr. W. T. Marcum and our force of 17 men and horses put on an average of a little more than 30 acres a day in stack. We began at 7 A. M. and quit at 7 P. M., and rested one and a half hours for lunch.

It was very dry through harvest and a nice breeze every day. Consequently neither men nor teams suffered, and the wheat went in the stack in fine shape. Of those who have threshed, 35 bushels per acre is the best yield reported. Of what that tested 54 pounds from black land. It is selling now at 88 cents. The Agricultural Commissioner claims the crop in Kansas will be about 40 to 65 million bushels, or about 25 million less than last year.

Corn is looking fairly well, but was beginning to suffer for rain, but Saturday (the 9th) night we had a nice shower that will do lots of good. It is claimed that there is the largest acreage planted in corn, that has ever been planted in Kansas.

The second crop of alfalfa has been cut and is a fairly good yield. Yet, if we don't get more rain soon the third crop is going to be short and I want to say that the alfalfa crop in itself is an immense crop. Kansas raises more alfalfa than any other State in the Union. It seems to me that if the farmers of old Kentucky would give alfalfa more attention they would be better off.

The price of land is climbing skyward pretty fast here. Mr. Harvey Tubbs bought a tract of land near Turon a few days ago, with the improvements paid \$100 per acre. Mr. Hardin Newell bought a tract five miles north of Neola with the buildings; both these men are from Pulaski county and doing well.

Our old friend, H. Bruce Newell and estimable wife spent the day with us yesterday and he told me that he was offered \$14,000 last week for 160 acres that he bought for \$6,500 just five years ago. He has 160 acres of wheat that he thinks will make about 25 bushels. If the weather is favorable he will put 200 acres in wheat this fall. Just as soon as it rains enough to put land in shape. Farmers will be very busy hatching wheat land. Now, quite a few are cultivating their corn again since harvest. Two-row cultivators are coming into use fast. Most all the new ones bought this year are the two-row kind. Made especially for listed corn. They could not be used on surface planted corn, and quite a few two-row listers were put out this year. They are operated with one man and eight horses. A new railroad is being graded the south side of this county. It will run from Wichita to Denver, Col. They begin grading at Turon June 16. It will be a great benefit to a fine wheat and alfalfa territory west. Only a few years ago it was thought that wheat would not grow in the

western part of the State, owing to lack of moisture. But this year the crop is as good as if not better than here. Consequently, land in Western Kansas, has gone from \$5 or \$10 per acre to \$40 or \$50 and even higher.

Before closing, I must say a few words about alfalfa. When we left Kentucky we thought we were going to a land of strangers.

With a very few exceptions, where there was little sociability and every one too busy chasing dollars to notice a stranger, but we were agreeably surprised to find that about half of the people in this locality are from old Kentucky and that the people are as plain, friendly and as good neighbors in every way as can be found anywhere. If you meet any one here who is thirty years old you can ask them from what State they came, for they are from back east and the chances are that they are from Kentucky, Missouri or Indiana, but more are from Kentucky. There is less crime here than in dear old Kentucky by odds. There has not been a murder in Stafford county for more than eleven years. And the people put in fully half of their time letting other people's business alone. There is talk now of having an old Kentucky reunion sometime this fall. With best wishes, I am,

M. G. REYNOLDS.

P. S.—On last evening we had the best rain we have had this summer, in fact, the only one to wet the ground and the farmers will sure get busy now listing wheat ground. I have more than 100 acres for wheat. Respectfully,

"BUD."

Lincoln Teachers

ADOPT STRONG RESOLUTIONS
AT INSTITUTE HERE.

The following resolutions were unanimously adopted by the Lincoln county teachers in their institute here last week.

1. Resolved that the thanks of the teachers be extended to Misses Kate Bogle and Margaret Hopper and Mrs. Stella Montgomery for their services and assistance for playing the piano at various sessions.

2. Resolved that we thank Revs. J. J. Dickey and J. T. Hoakins and D. M. Walker, for the helpful talks at our opening exercises.

3. Resolved that Drs. W. B. O'Bannon and J. G. Carpenter receive the thanks of the institute for their excellent and instructive addresses on Hygiene and Sanitation and Prevention of Tuberculosis.

4. Resolved that we commend Supt. Garland Singleton for his impartial conduct as our presiding officer and courteous treatment of the teachers in his official capacity and may he live long in the same capacity, is our wish.

5. Resolved that we heartily endorse the new school laws and do all in our power to graduate pupils so as to qualify them for taking advantage of the free tuition in high schools of Stanford and Hustonville.

6. Resolved that we as teachers of Lincoln county urge that a law be passed by our next Legislature to compel parents to send their children to school the entire session from ages of 7 to 14 or pay \$1 per day for absence unless excused by certificates of physicians or Board of Education in county or city.

7. Resolved that thanks of institute be extended to Miss Annie McKinney for faithful and efficient services as Secretary.

8. Resolved that we cordially extend our thanks to Prof. J. W. Ireland for his earnest, untiring and efficient labor for the good of the teachers of Lincoln county and for the help and inspiration each teacher has received from his personality as our instructor and that we most heartily recommend him to any county wishing a competent, wide awake and up-to-date instructor and we sincerely hope he will be our instructor next year.

Respectfully submitted,

MRS. HENRY D. PHILLIPS,

Chairman.

MRS. STELLA MONTGOMERY,

E. L. GRUBBS,

E. O. GOOCH,

HORSEMEN READY FOR FAIR CIRCUIT

LINCOLN COUNTY EQUINES WILL
MAKE 'EM ALL STEP SOME
FOR THE BLUES

With the opening of the Richmond fair this week, a number of the Lincoln county horsemen will start upon the rounds of fair circuits with their strings of crack saddle and harness horses and mules. Dick Scudder, of McKinney, shipped from here today his great All Peavue and the yearling filly Jack O'Lea of which he hopes for much success this season. Both are in fine shape and some good results from them are expected. Carroll Duderar, who will ride and drive them in the rings, says they ought to come home with a good string of blues.

Walter O. Walker's magnificent horse, Carroll Preston, is ready for a hard campaign and under Homer C. Wray will give a good account of himself. He is going to make Edna May and any of the crack saddlers extend themselves this season. This horse has been conceded to be one of the finest of his kind ever produced in Kentucky, and though he has been shown but very little on the fair circuits, already has a big reputation and big things are expected of him. Mr. Wray will also have for Mr. Walker the mare Sallie Brook and Pettus' Beau Naboth. This should prove a winning string in any company.

C. F. Sandidge is going after the blues with Cheslerland Chief and other good ones and will make all he goes against step some to heat this good one.

Ended in Squabble

MORELAND CLAIMS THE VICTORY
OVER HUSTONVILLE.

Moreland, July 18.

Moreland defeated Hustonville in a hotly-contested ball game here Saturday by the score of 6 to 5. The game ended in a disagreement over a blocked ball. The question was: A ball delivered by the pitcher goes wild, and hits a bystander. A runner goes home from third and one goes from first to third. Catcher throws the ball back to pitcher and it goes from there to first base and the first baseman puts it over to third baseman, who holds it. Pitcher walks to box and asks umpire for ball and then runner on third starts playing off and third baseman puts him out. Is the man out or is he entitled to score? This is the clever trick that stopped the game. Who won?

This makes the third game the Moreland boys have won out of three played. How many games have Hustonville won? Our boys got 10 hits off Estes to 2 off Rakestraw. McKinney will play here at Baughman's Park next Saturday. Pitcher Weddle will start the game with Carter behind the bat. The Moreland team is looking for match games. Write J. A. Baird, Moreland, Ky.

The lineup Saturday was:
Hustonville's Moreland.
Bishop Catcher Carter
Swope first base Hogue
G. Duun second base Hansome
Yewell third base Baird.
C. Duun shortstop Nea.

Everyone will be glad to know that the county officials are at last about to move into the new court house. It is, indeed, a credit to the community. As soon as the grounds are graded and cleaned up, arrangements for suitable dedicatory ceremonies should be made. We suggest a "home-coming Day" for Lincoln county, when all former residents of the county be invited here to celebrate the glad occasion, and be welcomed back to their old homes. No matter what form it takes, however, the dedication of the new courthouse should be planned on a scale befitting the magnificence of the building and the importance of the event to Lincoln county.

During services at a church in Bourbon county Sunday morning lightning struck the edifice, fatally injuring a lady and 12-year-old girl, badly damaged the house of worship and instantly killed a horse hitched nearby.

DR. SWOPE DEAD.

Dr. R. M. Swope, a prominent citizen of Bryantville, Garrard county, a cousin of the late Col. Thomas H. Swope, of Kansas City, and related to

many Lincoln county families, died at his home Monday night. He will be buried in Danville.

\$30,000 Per Month

WERE OFFICIALS STEALING FROM
BIG LOUISVILLE BANK.

The experts who are working on the books of the Fidelity Trust Co. of Louisville have made the startling discovery that August Ropke, former secretary and bookkeeper of the institution had been systematically stealing \$30,000 per month for the past eighteen months. His aggressive Senator Bradley has recommended to the board of directors that Ropke be removed from the institution. Before he began stealing on a wholesale plan eighteen months ago Ropke had been systematically taking small sums which he practically restored in each instance. His robbery represents one of the biggest hauls ever made on a similar institution in Kentucky. Depositors still maintain faith in the Fidelity Trust Company and friends of the institution are increasing the deposits to show faith.

Beware of Ointments for Catarrh that Contain Mercury.

Mercury will surely destroy the tissue of the mucous membrane and completely derange the whole system. It is a fact that all the Catarrh ointments should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists. Price, 15c per bottle. Take Hall's Family Pills for constipation.

FOR BOYLE LAND IS PAID BY
MAURICE FARRIS.

Mr. M. J. Farris Jr., this morning
bought approximately twenty-five
acres of unimproved land from Mr.
J. D. Whitehouse, a mile from town
on the Lancaster pike, the consider-
ation being \$191 per acre. The tract
will be surveyed this week. The price
was the highest ever paid in Boyle
county for improved or unimproved
land. The next highest price land
was bought by Col. James A. Shuttle-
worth from H. D. Stiles on the Leba-
non pike when he paid \$160 per acre
for the handsomely improved Duke
farm some months ago. Mr. Far-
ris will at once begin the erection
of a handsome cottage on the land
he will also erect a large stock barn.
The barn will probably be the larg-
est one in Boyle county. Mr. Farris
is largely engaged in the stock busi-
ness and will operate upon a much
larger scale when his barn has been
completed.—Danville Advocate

SCHOOL PER CAPITA \$4.

The school per capita for the State
has been fixed at \$4, the same as
last year. The school census shows
that the number of white school chil-
dren in the State has gained, while
the number of negroes is about the
same as last year, the difference be-
ing very slight. The total number of
school children in the State, both
white and colored, is 745,735.

A WONDERFUL MAN.

Speaking of Mr. H. H. Meinhart,
whose death occurred at his home in
Middlesburg last Wednesday in the
86th year of his age, the Danville Ad-
vocate says he was in many respects
the most remarkable man in this sec-
tion of the State. He was the largest
taxpayer in Casey county and was
a great friend of the poor. He
could neither read nor write, yet left
and estate of \$80,000 which he had
made by his own industry. Some years
ago he came into great prominence
when he was filched out of \$80,000
by "Glass Eyed Charley," a noted gold
brick artist. It is said that he paid
many thousands of dollars in security
notes during his life time.

Skin Diseases Readily Cured By a Simple Home Remedy

If you are suffering from any form of
skin or scalp disease, would you like to
get prompt relief and be permanently
cured by a clean liquid preparation for
external use? Mr. G. L. Penny, the
druggist, has this remedy in stock and
wants his customers to know that it is
recommended for Eczema, Blackheads,
Pimples, Dandruff, Tetter and other
diseases of the skin and scalp. Zemo
has made some remarkable cures, and
with each purchase of Zemo, Mr. Penny
will give you a booklet on skin diseases
and you can diagnose your own case
and be cured in your own home without
any inconvenience or loss of time from
business by this clean, simple prepara-
tion.

The world's most successful medicine
for bowel complaints is Chamberlain's
Colic, Cholera and Diarrhoea
Remedy. It has relieved more pain
and suffering and saved more lives
than any other medicine in use. In-
valuable for children and adults.
Sold by G. L. Penny.

Wholesale Assassination

CHRIS GENTRY LOSES SPRING
CROP OF CHICKENS.

Chris Gentry is mourning the loss
of about 200 fine spring chickens,
which a mink or weasel cut the
throat of at his home on the Hus-
tonville pike Monday. The misadventure
made his visit in the broad daylight,
and no trace of him could be found
except that the fryers were dead with
their throats cut. The strange thing
about it is that the chickens were in
a pen right at the house. Their
squawking was heard and when the
family investigated, they were found
dead, but no sign of the assassin.

Chamberlain's Stomach and Liver
Pills is quickly relieved by the free
application of Chamberlain's Liniment.
This liniment is equally valua-
ble. Induced by violent exercise or in-
Tablets gently stimulate the liver and
bowels to expel poisonous matter,
cease the system, cure constipation
ble for muscular rheumatism and al-
ways affords quick relief. Sold by G.
L. Penny.
